Community conversation about commercial parking: Round 2

Vienna's Town Business Liaison Committee is hosting a community meeting at 6 p.m. Thursday, May 9, at Town Hall to address concerns and potential solutions related to parking in the commercial district.

This meeting is a follow-up to a March 14 meeting attended by business owners and others, at which several suggestions were put forward to address ongoing challenges related to parking in the commercial district.

Ideas generated at the March 14 meeting included short-, mid-, and long-term potential solutions and ranged from the practical to the creative. Some suggestions included designating an offsite parking area for employees, creating a parking map, sharing parking among businesses, running a trolley, and investigating bike and scooter share options. To see all of the ideas discussed, visit viennava.gov/parkingideas.

The May 9 meeting is open to the public.
