Recycle auto waste products, electronics at Quarterly Recycling Day; glass can be recycled via new community bin

The Town of Vienna's first 2020 Quarterly Recycling Day takes place from 8 am-2 pm Saturday, March 7, at the Northside Property Yard, 600 Mill Street NE.

Load up electronics, used motor oil, antifreeze, and discarded car batteries. Televisions and hazardous waste products, such as insecticides, paint, and other chemicals, are not accepted.

As a reminder, to ensure that glass products get recycled, the best option is to dispose of clean jars and bottles in one of Fairfax County's new, large, purple glass recycling dumpsters; one is located in the Town of Vienna on Mill Street NE next to Capitol Building Supply. Fairfax County picks up the glass weekly and recycles it for use as a substitute for stone in county projects. Other purple glass recycling bins are located throughout the county.
