(Some of the prizes include tickets to the Joffrey Ballet at Wolf Trap Farm Park, a gift from Janet's Antique Parlor, plants from Rosewood Florist and Cox Farms, carpet or furniture cleaning from Quaser, blankets and corning ware from United Virginia Bank, and gift certificates from Giant Foods, Dart Drug and the Kitchen Shop. Other Vienna merchants have donated services and equipment for Clean & Green Day activities.)

Clean & Green Day is part of a program sponsored by the Town of Vienna and the Vienna Chamber of Commerce to beautify commercial areas and to clean up the trash and litter that detract from their attractiveness. Another phase of the program, the business beautification competition, is also being continued this year.

Businesses will be judged the week of May 18 in the categories of service stations, free-standing buildings, retail/office complexes, individual storefronts in shopping centers and light industrial uses. Businesses will be rated on their beautification and anti-litter efforts, and the winner in each category will be honored at the Chamber of Commerce dinner on June 17.

Two more judgments will be held during the year, in the summer and fall, and at the end of the year the "Best Looking Business for 1981" will be named.

The love story of Kathy and the Student Prince is set in 19th century Heidelberg in the spring, and features the songs "Deep in My Heart," "Serenade" and "Golden Days."

The Vienna Light Opera Company, now in its fifth season, includes a group of soloists supported by a choir, orchestra, chamber ballet ensemble and scenery. The fully-staged operas are produced and directed by Dagmar White and conducted by Dr. Stephen Prussing.

## Town Joins U.S. Flood Program

The Town of Vienna is participating in the National Flood Insurance Program. This federal program enables property owners to buy flood insurance at a reasonable rate.

The Town is now enrolled in the Emergency Phase of the Flood Insurance Program, which provides a limited amount of flood insurance for property owners. In order for property owners to receive the full limits of flood insurance coverage, the Town is required to enter the Regular Program.

As part of the Flood Insurance Program, the Federal Emergency Management Agency prepares a Flood Insurance Study and a Flood Insurance Rate Map to establish the base (100-year) flood elevations for selected areas within the town. These base flood elevations are the basis for the flood plain management measures that the Town is required either to adopt or show evidence of being already in effect in order to remain qualified for participation in the program.

The Town is soliciting comments on the proposed base (100-year) flood elevations from any citizen up to July 9, 1981. The Flood Insurance Study affects the areas along Bear Branch, Piney Branch and Wolftrap Creek. Any owner or lessee of real property in the town who believes his property rights will be adversely affected by the proposed flood elevation may appeal to the Town. The sole basis for such appeals is the possession of knowledge or information indicating that the proposed base flood elevations are scientifically or technically incorrect.

Maps are available for inspection in the Public Works Department at Town Hall. Comments should be made in writing and addressed to the Honorable Charles A. Robinson, Jr., Mayor of Vienna, 127 Center St., S., Vienna, Va. 22180.
