

Jitneybus (continued from front page)

The major revision in the system, however, is the introduction of two-way service along the entire route. Whereas the two Jitneybuses originally followed each other around the route in the same direction, now one bus runs the route clockwise and the other counterclockwise, thus providing service in both directions.

Another improvement in the system is a half-fare discount for senior citizens. Persons age 60 and older may ride the Jitneybus for 25¢ upon presentation of a senior citizen ID card or other identification. Transfers to and from Metrobus are available, good for 25¢ off the transfer fare.

For Jitneybus information, call the Public Information Office at Town Hall, 938-8000, ext. 224.

New Jitney Schedule Inside

Enclosed in this Newsletter is the revised Jitneybus schedule, which went into effect September 14. Extra schedules are available at Town Hall, the Community Center, Patrick Henry Library and many Vienna businesses.

As the schedule shows, the Jitneybus route has been modified to serve new areas of potential ridership in northeast and northwest Vienna and the vicinity of the Tysons Towers senior citizen complex off Route 7. In addition, the Jitneybus will now serve the Northrop Page Technology Park during morning and evening rush hours.

Get Involved in Town Affairs Via Boards and Commissions

Membership on Vienna's boards and commissions provides citizens the opportunity to become actively involved in Town affairs. Applications for membership are available in the Town Clerk's office at Town Hall. Call 938-8000, ext. 235 for information.

The Town Council usually interviews each applicant and evaluates his or her interests, education, philosophy and work experience according to the functions of the board or commission on which a vacancy exists. Many members of Council believe it is desirable to have all areas of town represented and to encompass diverse philosophies and points of view, although boards and commissions should be in general agreement with Town policies and objectives.

The Planning Commission approves preliminary plats of subdivisions, prepares the Comprehensive Plan for the future development of the town, hears and makes recommendations to Council on all rezoning requests and various planning and zoning matters. The Planning Commission meets the second and fourth Wednesdays of each month.

The Board of Zoning Appeals is a semi-judicial body, the members of which are recommended by Council to the Circuit Court for appointment. The Board is authorized to hear and decide appeals of any decision made by the Zoning Administrator, grant variances from the zoning code, approve conditional use permits and interpret the zoning map. The Board meets the third Wednesday of each month.

The Board of Architectural Review examines and approves plans for commercial buildings, signs and landscaping to ensure that new construction is not bizarre or garish and is harmonious and compatible with existing buildings. The Board is concerned primarily with the appearance and aesthetic factors in commercial construction, but also considers any construction in residential zones other than single-family housing. Meetings are held the third Thursday of each month.

The Transportation Safety Commission studies intersections, traffic signs, speed limits and other matters relating to street safety and makes recommendations to Council. It meets the last Tuesday of each month.

The Historic Windover Board of Review approves new construction and major exterior alterations of buildings within the Windover Heights Historic District in northwest Vienna to ensure that they are in keeping with the old and historic architectural aspect of the surroundings. Citizen members of the Board must reside within the historic district. Meetings are held the first Tuesday of each month.

Stop Signs Under Review

The Town Council has directed the Transportation Safety Commission to review all intersections controlled by stop signs. In its study, the Commission is to consider both the number of vehicles that pass through each intersection and the local characteristics of each intersection such as the presence of children, sight distance and other variables.

The Commission is to submit a report to Council within six months with recommendations on which, if any, stop signs should be downgraded from 4-way or 3-way to 2-way or less and from 2-way or 1-way to "yield" or less. Currently, 3-way stop signs are in place at seven intersections, and 4-way stops are up at 20 intersections.

The Transportation Safety Commission is requesting comments from the public to assist them in this study. Citizens may send comments to Gerald Miller, Chairman, Transportation Safety Commission, c/o Vienna Town Hall, 127 Center St., S., Vienna, Va. 22180.

Neighborhood Fights Crime

Residents may have noticed the small blue signs posted around the Malcolm-Windover area in northwest and southwest Vienna. These signs say, "Neighborhood Watch. Burglars and Thieves Beware. Sponsored by Vienna Police Department and Citizens."

The Neighborhood Watch program is a simple but effective method of deterring home burglaries and other crimes. The police provide citizens with the information and training necessary to spot and report suspicious activities. Neighborhood patrols then become extra eyes and ears for the police and report any strange persons or happenings in the area.

Besides the obvious benefit of a reduction in crime, Neighborhood Watch programs bring neighbors closer together and improve relations between citizens and police.

The Malcolm-Windover Civic Association began its Neighborhood Watch about three months ago and about 190 residents are now involved in that program. Other Vienna neighborhoods interested in starting watch programs may call Sgt. Tavares at the Vienna Police Department, 938-4900.

Oktoberfest Along Bike Trail

Vienna's third annual Oktoberfest will be held from 9:30 a.m. until dark on Saturday, October 17, at the Community Center and across Park Street along the W&OD bike trail.

Area artists, craftsmen, dealers, businesses, clubs and organizations, families and individuals are invited to participate in the celebration. Booth space is available to rent on both sides of the trail and inside the Community Center for food, games, garage sales, bake sales, antiques and crafts. (In case of rain, outdoor booths will be moved into the Community Center where possible.) Persons interested in reserving booth space may call Mary Ann Johnson at 281-2039 for further information.

In addition to sale booths, the Oktoberfest will feature German food and fresh apple cider. There will also be a children's bicycle decorating contest at 11 a.m.

The Oktoberfest is sponsored by Vienna Parks and Recreation and the Friends of Rockwood, Inc. For more information, call 938-8000, ext. 277.

Jaycees Plan Community Walk-a-thon

Because this is a Walk-a-thon for the community, the Jaycees are asking for help from town residents and organizations in planning and staging the Walk-a-thon and suggestions on how the proceeds should be used to benefit the citizens of Vienna.

Please contact the Jaycees with your ideas and offers of assistance. Call Gary Kinney, Advance Planning, at 281-4283 weekdays after 5:30 p.m. Help the Jaycees "Get Out for Vienna!"
