## TOWN COUNCIL ACTION

March 17, 1986

- Approved a request to rezone the property at 135 Wade Hampton Dr. and 125 Roland St., S.W., from RS-16 single-family residential to RS-12.5 single-family residential and RTH townhouses, with 15 proffers. Waived the brick wall between proposed lots 3 and 4 and the sidewalk along the north side of the proposed street. Curb, gutter and sidewalk on Wade Hampton are not to be built, but the money is to be put in escrow.
- Approved the final plat of Park Woods Subdivision, 1000 block of Park Street, S.E.
- Adopted a resolution expressing support for a revised plan to rezone 8.6 acres just outside of town bounded by Creek Crossing Road, Wolftrap Creek and Nelson Drive. The revised plan eliminates the connection between Neison and Creek Crossing, increases the average lot size, and reduces by one the total number of lots.
- Referred to the Planning Commission a request that the fence to be erected between 109 Patrick St., S.E., and the Vienna Park Condominiums not extend past the front of the house.
- Approved the final plat of Cunningham Park Court Subdivision, 900 block of Park Street, S.E., conditioned on the developer securing all necessary easements.

## Building Permit Required

Town residents are reminded that a building permit is required for new homes, home additions and alterations. These include garages, porches, decks, fences, swimming pools and any other construction.

Applications for permits should be made to the Zoning Administrator, accompanied by a plat of the existing house or lot. For more information, call 938-8000 ext. 266.

## Ride Skateboards Safely

Warmer weather and longer days bring out kids on their skateboards. The Vienna Police urge parents to instruct children in the safe use of these toys.

Not only is it extremely dangerous for children to ride skateboards in the street, it is specifically against State law and punishable by a fine. Several warnings have already been issued. Skateboards may be ridden on sidewalks.

# Metro Feeder Bus Service Begins June 22

A feeder bus system through town to the Vienna and Dunn Loring Metro stations will begin operating June 22.

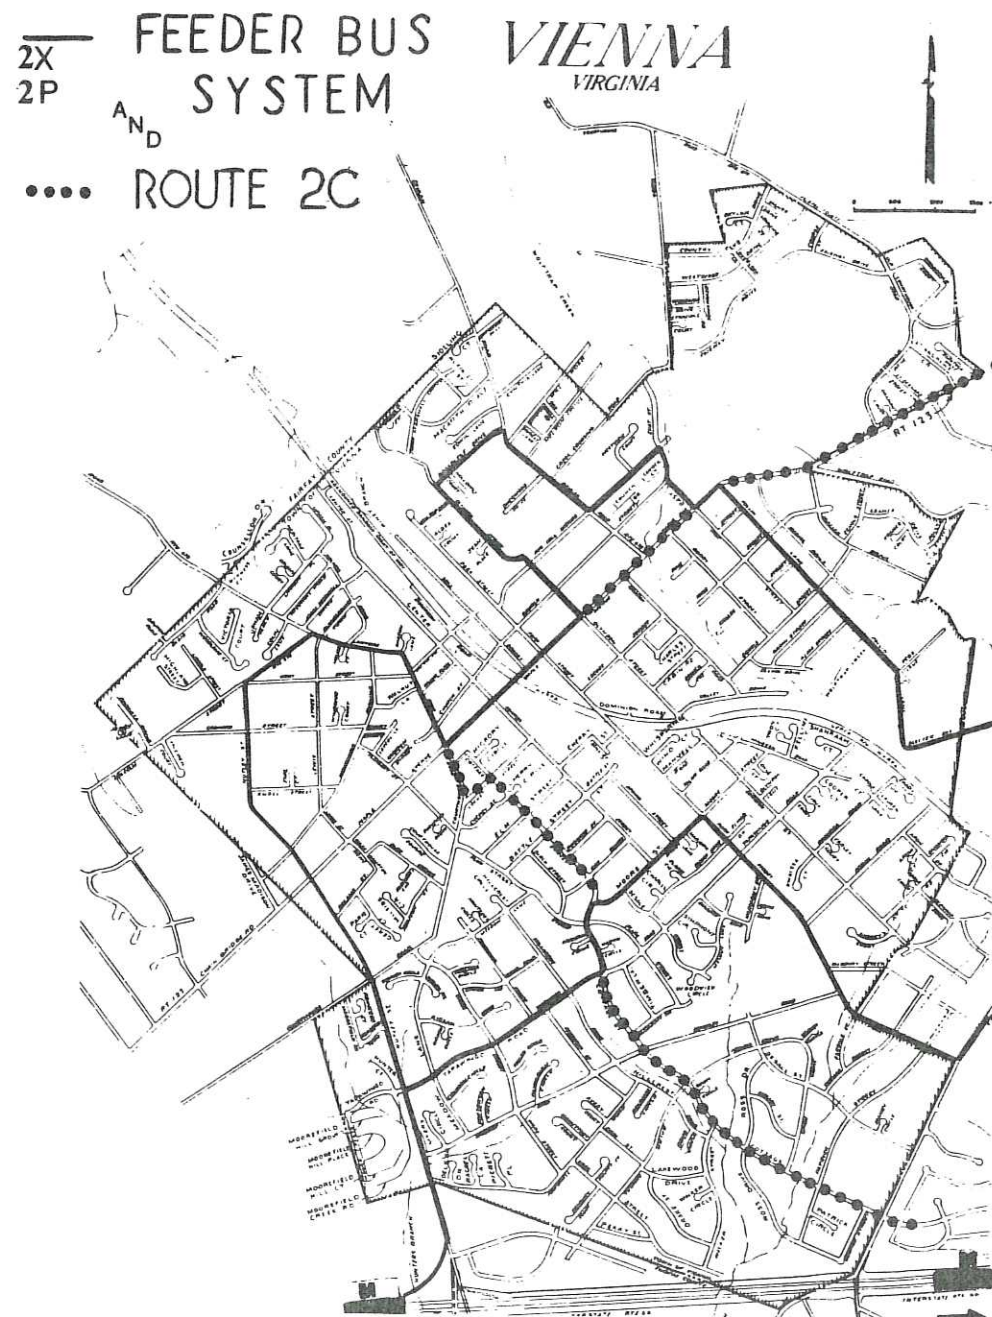

The system has been approved by the Washington Metropolitan Area Transit Authority (WMATA) and the Fairfax County Board of Supervisors. The Vienna Town Council and Town staff, with assistance from the Town's traffic consultant, participated in planning of routes through town.

As shown on the map, the new Route 2X/2P will operate between the Dunn Loring and Vienna Metro stations. Feeder buses will run only during rush hours (6-9 a.m. and 3-6:30 p.m.) with about six trips during each period. Buses will operate on a 30-minute frequency. Fares will be 80¢ for a one-way trip, or \$1.25 for a round trip with a Metrorail transfer.

Route 2C will continue to provide all-day service between Tysons Corner and the Ballston station, with a stop at the Dunn Loring station.

In the morning, the 2X will start at the Dunn Loring station and be routed along Electric Avenue/Follin Lane to serve employment centers in the Vienna Technology Park. It will proceed west on Maple Avenue to East Street, Ayr Hill Avenue, Beulah Road, Broadleaf Drive, and Glyndon Street back to Maple. Then it will run out Lawyers Road to Malcolm Road and back down Nutley Street to the Vienna station. As Route 2P, the bus will return to the Dunn Loring station via Nutley, Tapawingo Road, Cottage Street, Moore Avenue, and Park Street. These routings will be reversed during evening rush hours.

WMATA will provide 31-foot buses for the feeder bus system. The Town Council has approved the following physical improvements in the town's street system to accommodate these buses: 1) move back the stop bar on southbound East Street at Maple Avenue; 2) prohibit left turns from Maple onto Glyndon Street weekdays from 6 to 9 a.m. to permit the buses to maneuver that intersection; 3) make minor improvements at the Ayr Hill/Beulah intersection; 4) reconfigure the island at the intersection of Malcolm and Nut-

ley to permit the buses to make that turn.

Residents living within four blocks of the feeder bus route will soon receive information in the mail from Metro on the system, including route descriptions and maps, how to use the automatic fare card system, flash passes, commuter tickets, and the family/tourist pass.

One of Vienna's feeder buses will

be at the opening of the Vienna Metro station on Saturday, June 7. Free demonstration rides on the bus will be offered, as well as free rides on the Metro train. An information booth staffed by Metro sales agents will be open that day to provide timetables and encourage the public to learn more about Metro service.

For more information, call Metro at 637-7000.

# Neighborhood Watch Aids in Crime Prevention

by Col. Donald G. Harper  
Chief of Police

The Vienna Police Department strives for effective and efficient law enforcement, public safety and police service to the citizens and neighborhoods of our town.

As your Chief of Police, I say with pride that our officers are qualified, professional individuals who support the law enforcement goals needed to keep Vienna safe. However, in order for these men and women to accomplish their objectives there must be a shared responsibility with you, the community. Law enforcement officials can act as your agents, but the final solution for combating criminal activity is through your shared interest and communication.

This can best be accomplished through responsible police/community awareness groups and continued support of programs such as Neighborhood Watch. These groups comprise civic and business leaders who have a vested interest in this community. Through their efforts and intervention, the mutual goal of crime prevention can

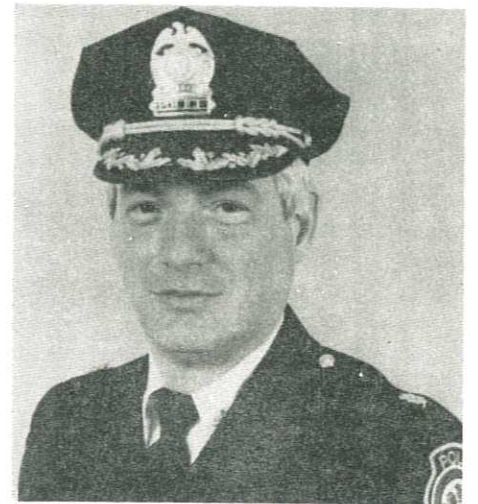

be accomplished and our town can serve as a visible leader among local jurisdictions in reducing criminal activity.

Our Neighborhood Watch groups are an effective tool in combating crime in our community. The Vienna Police Department endorses, supports and is committed to their success.

Programs such as home security checks, property identification, and citizen patrols are means of deterring criminal activity and upon request are available to you through Corporal J.T. Price, our Community Services Officer. Call 938-4900.

As the summer months approach, certain aspects of reckless and criminal activity increase. Let's all work together to help one another in a common theme of "awareness" — awareness toward crime prevention. Help us to help you.

In response to the 17 burglaries reported during the first two months of this year, mainly in the northeast and southeast sections of town, the Vienna Police conducted a burglary surveillance between March 12 and 19. Four

Col. Harper

officers spent over 90 hours on this surveillance. One case is still under investigation.

At the end of March, only four burglaries had been reported for the month, a decrease of five cases from the same period in 1985.

The following rules, which already were in force, were reaffirmed:

In the title role is soprano Krislyn Moen Keller, a longtime Vienna resident.

Ballet numbers will be danced by the Old Dominion Ballet Theatre from McLean and the Bethesda-Chevy Chase Civic Ballet. The cast will wear authentic Bohemian costumes.

Tickets are \$10 general admission and \$5 for students and senior citi-

zens. Tickets may be purchased at the box office the night of the performance or in advance at Gordon Keller Music, 111 Church St., N.E. Tickets may also be ordered by mail. Mayor Jim Martinelli wrote in the May 1966 *Newsletter*:

As a Town we have a local government which is more accessible in both its policy-making and its administration. Each of us has the opportunity to participate in local decisions and to determine what our community character and identity will be.

The most precious aspect of being a Town is the closeness of the residents to their elected officials, who are their friends and neighbors. It is this control which makes our 4.29 square miles an oasis in the 429 square miles of burgeoning Fairfax.
