

# VIENNA POLICE HIGHLIGHTS

September 1, 2023

The following summary contains various incidents of general interest as well as vehicular crashes handled by the Town of Vienna, Virginia Police Department from August 25, 2023 to August 31, 2023. Readers are reminded an “arrest” is based upon probable cause and does not always mean someone was physically taken into custody. Furthermore, it does not mean an individual is automatically guilty of a crime. Judicial outcomes and post-arrest proceedings can be researched through the appropriate court’s website.

(VIENNA POLICE HIGHLIGHTS IS NOT MEANT TO BE A LISTING OF EVERY INCIDENT OR CALL HANDLED BY THE Vienna Police, but merely a more substantive summary of several incidents, which may be of interest to the community. Some reports may be outside the date parameters due to extended investigations or other circumstances. Some cases are not included at all due to ongoing investigations. Please contact Ruth Rohr for further information at [Ruth.Rohr@viennava.gov](mailto:Ruth.Rohr@viennava.gov))

On July 1, 2021, citizens will be able to access Community Policing data via <https://data.virginia.gov/stories/s/rden-cz3h>. The Vienna Police Department had started complying with this state law in July of 2020. The portal will contain all non-consensual investigatory stops made by the Vienna Police Departments and other law enforcement agencies in the commonwealth.

## UPDATE – Car Thefts and Tamperings

The National Capital Area, specifically the Northern Virginia area, has seen increased vehicle tampering incidents and vehicle thefts. A recent pattern has been identified where suspects enter the area in stolen vehicles and cruise streets between 3:00 AM and 7:00 AM. In addition to rifling through unlocked cars for valuables and money, they steal the vehicle when they encounter keys left in it. The Vienna Police Department would like to remind our community members to please stay vigilant, secure their cars and take the keys inside, and close and lock all doors of residences and garages to prevent criminals from targeting your property. Additionally, please call the police if you notice suspicious vehicles or people in your area, and share Ring doorbell or other security camera footage with us if you capture video related to these incidents. The Vienna Police Department is working closely with other Law Enforcement agencies in the region, coordinating our resources to investigate these crimes.

**If you see suspicious activity or persons, we ask you to immediately notify the police department at 703-255-6366 or, in case of emergency call 911.**

## **CITIZEN NOTES**

### **Mayor and Chief at Your Service – Law Enforcement and Behavioral Health**

The state's new Marcus Alert initiative is the topic of the next "Mayor and Chief at your Service forum. Mayor Linda Colbert and Chief Jim Morris will lead the discussion on Tuesday, Sept. 12, 2023, at 7 p.m. at the Vienna Police Department Community Room. Daryl Washington, Executive Director, Fairfax-Falls Church Community Services Board (CSB) will be speaking about his agency's role in the local partnership to divert behavioral health calls from the 9-1-1 public safety system to regional crisis call centers.

Marcus Alert is the name commonly used for the Marcus-David Peters Act, the Virginia law that requires 9-1-1, crisis call centers, law enforcement and behavioral health agencies to work together to improve responses to individuals in behavioral health crisis in Virginia communities. The Act was named for Marcus-David Peters, a young, black biology teacher killed by Richmond Police in 2018 during a mental health crisis.

Find out how local law enforcement and behavioral health agencies have been working together to provide appropriate behavioral health responses in the community. Refreshments will be served. The Vienna Police Department is located at 215 Center St. S., Vienna.

## Vienna Police Department

The emergency technology company, **RapidSOS**, has partnered with the American Heart Association, American Red Cross, and Direct Relief to sponsor a no-cost voluntary health database. RapidSOS is an intelligent safety platform that securely links life-saving data from 500M+ connected devices, apps, and sensors from 90+ global technology companies to over 450,000 first responders across 15,000 agencies nationwide. Whether there's an unsafe moment or an emergency, RapidSOS Ready devices, homes, or buildings deliver essential data to first responders when it matters most.

Town of Vienna residents may create a free emergency health profile that can be easily shared with first responders during a crisis or emergency to ensure they can access your critical health and medical information when you need help. Your created profile provides real-time details about your medical history, emergency contacts, allergies, etc. It only takes a few minutes to set up and is voluntary.

You can enter behavioral health information, pre-existing medical conditions, allergies, emergency contacts, and other relevant details into the database. This information is associated with your mobile phone number and will only be available to first responders when they receive an emergency call from your provided telephone number. You can choose the amount of information you provide based on your discretion.

Regularly reviewing and updating your profile is vital to ensure first responders have the most up-to-date information, especially after significant health or life changes.

We encourage Vienna residents to take the first step in ensuring their safety during an emergency by creating a free emergency health profile today at <https://www.emergencyprofile.org/>.
