What is a Comprehensive Plan?

Long-range, high-level planning document that addresses land use, desired development, preservation of the natural environment, transportation, resource utilization, and potentially other topics.

Why have a Comprehensive Plan?

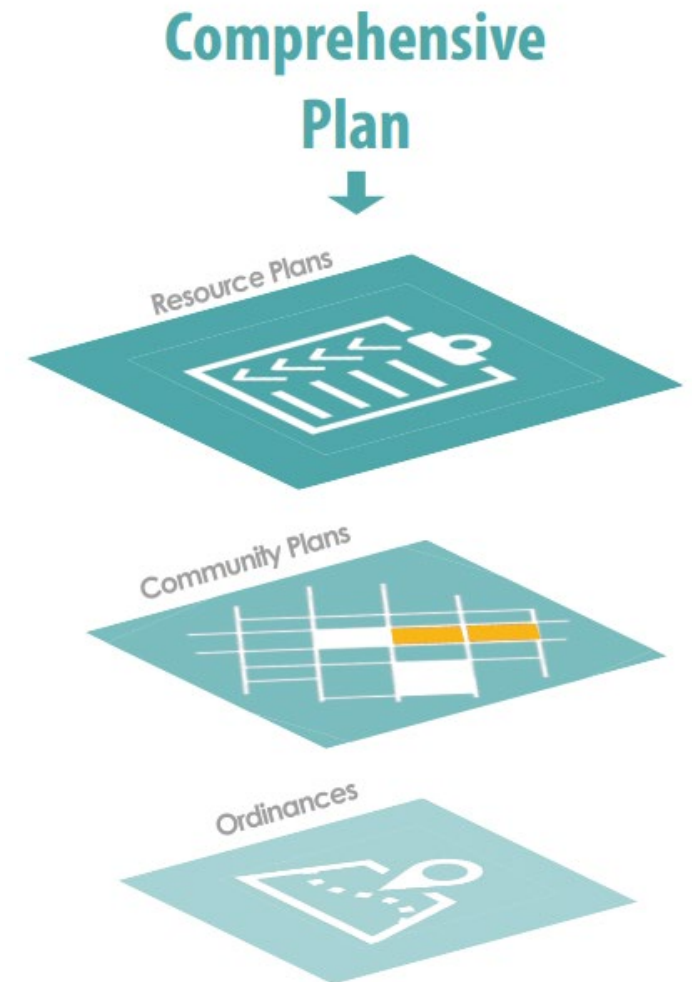

- **Required by Virginia State Code**
- Community's vision for how it wants to evolve in the following 20+ years, with strategies to achieve that vision.
- Give successive public bodies a common framework for addressing land-use issues.
- Provide justification for decisions by providing a factual and objective basis to support zoning decisions.

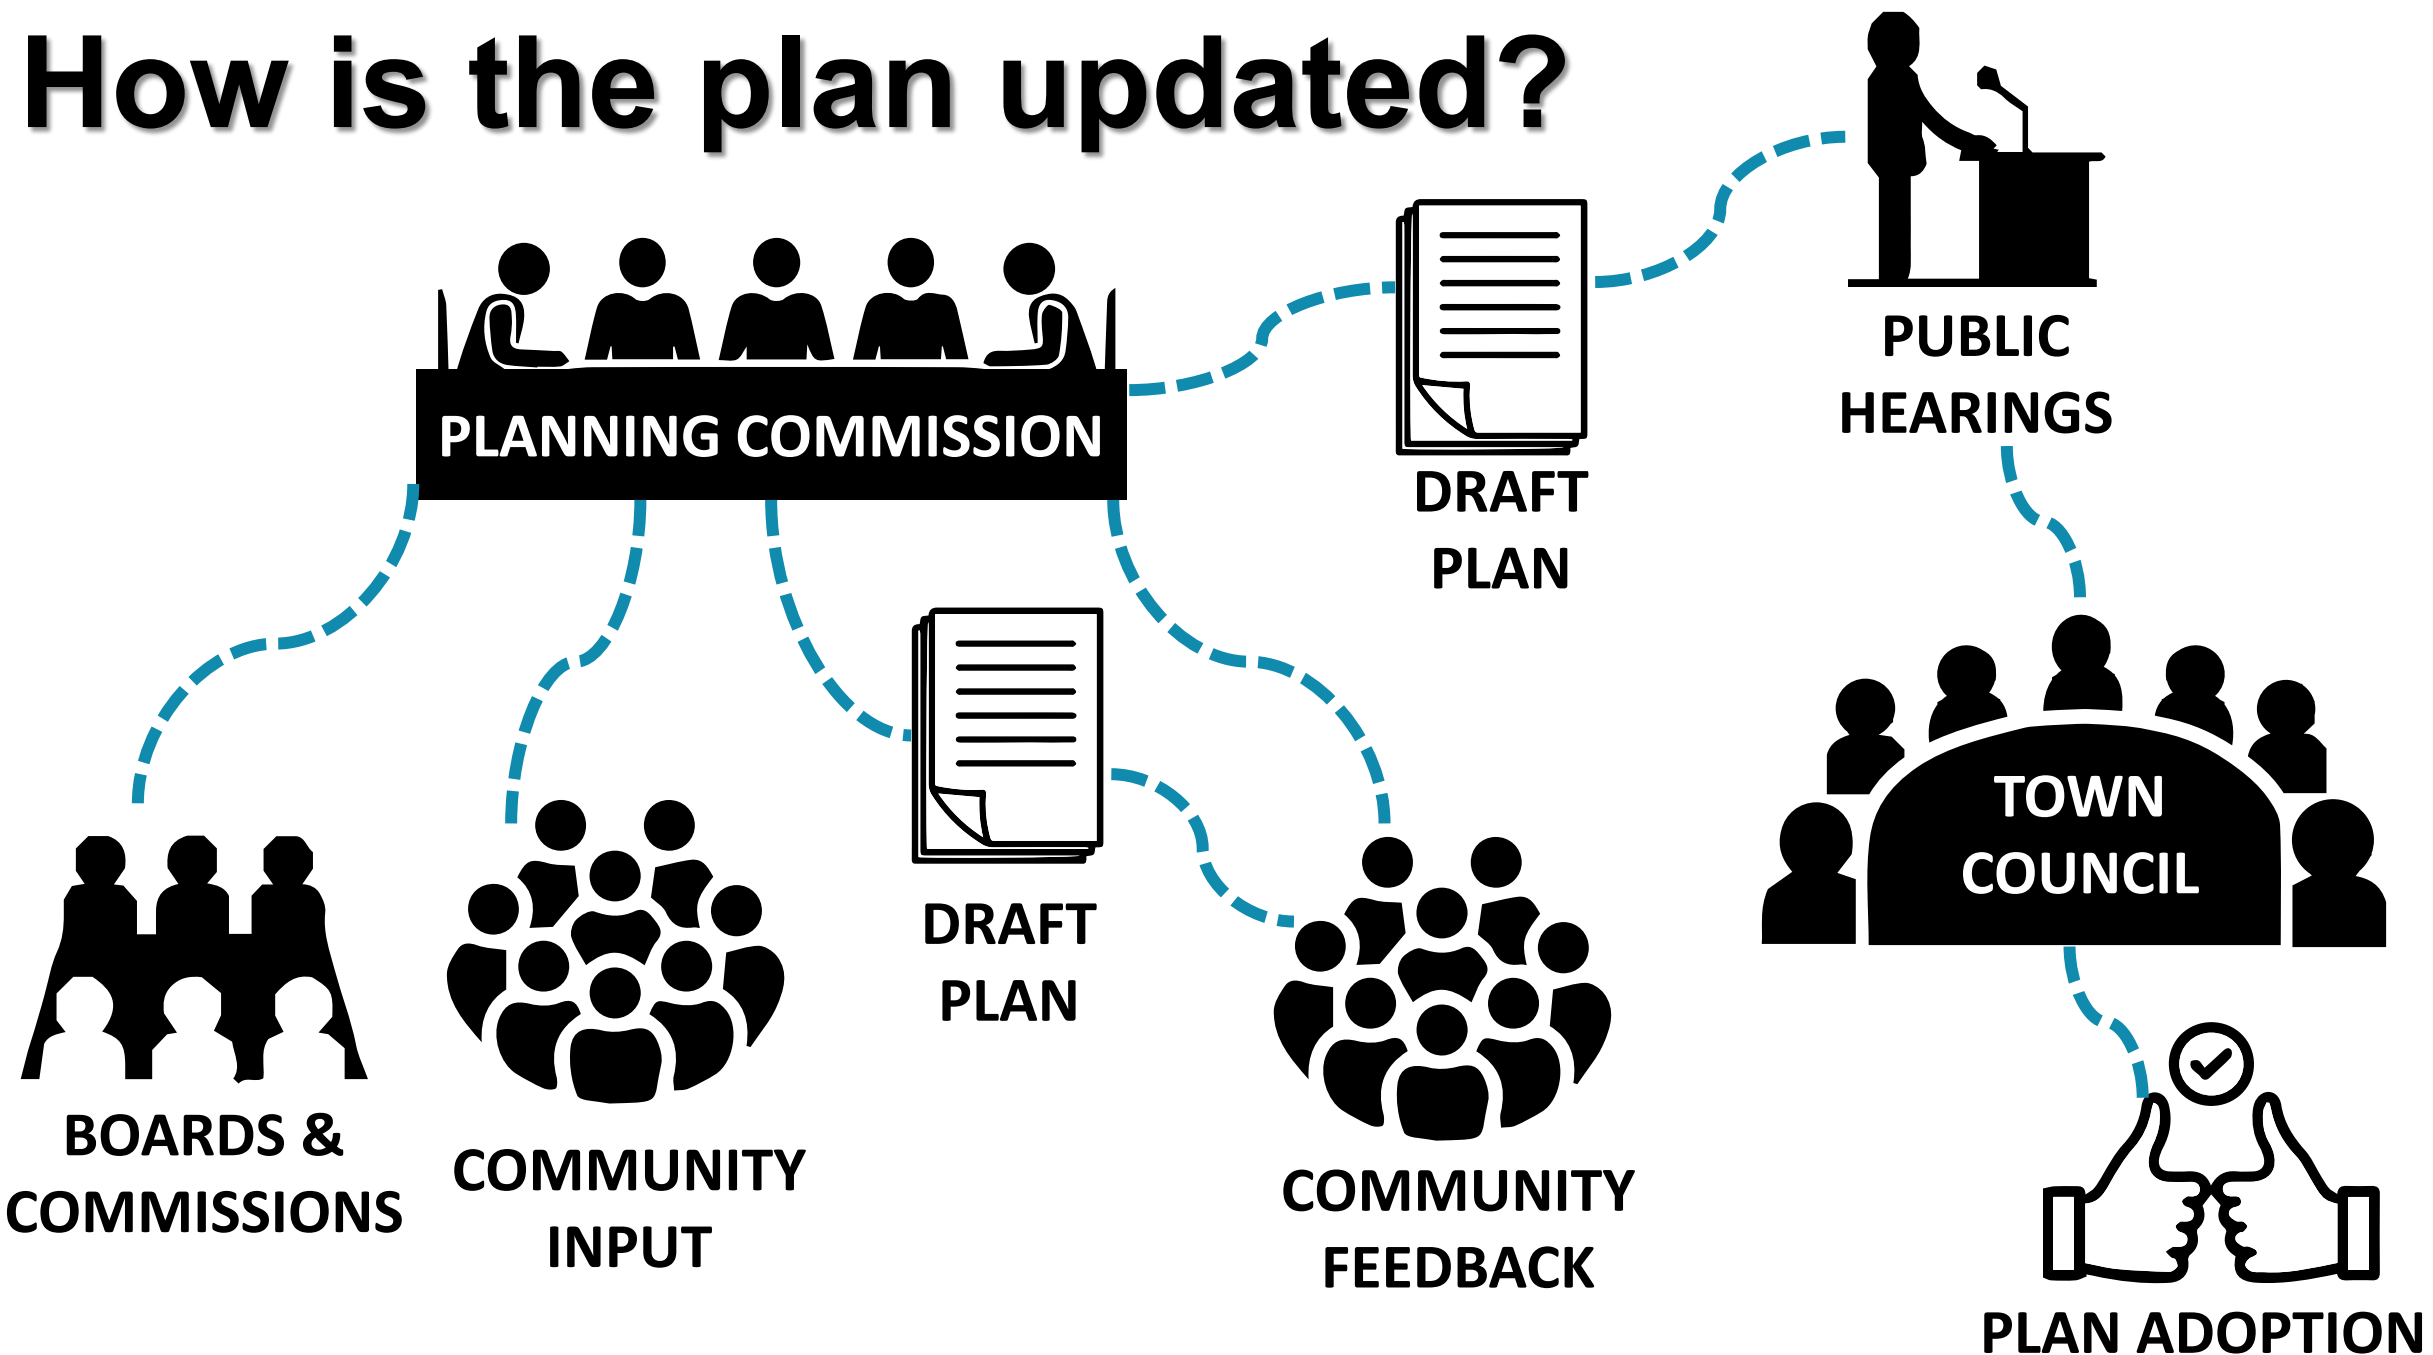

How is the Plan Implemented?

- Update regulations (e.g., zoning)
- Capital Improvement Plan (CIP) and operational budget.
- Town Policies
- Community plans and programs that deal with specific subjects;

i.e. Parks Master Plan, Economic Development Strategic Plan, Housing Studies, and Small Area Plans

How is the plan updated?

Vision Statement A formal description of what the community aspires to be.

 **Goals** Meant to be general and describe a desired future condition for each chapter.

 **Objectives** More detailed and describe specific future conditions to be attained.

 **Implementation Strategies** Detailed statements that describe methods, usually through Town or department policies, to implement objectives.

 **Indicators** Statements describing how the Town should measure whether goals, objectives, and implementation strategies are successful.

Thinking Time!

- What are your long-term visions for the town?
- What are your thoughts on the current plan goals and objectives?
- What do you think is missing?
