

Town Enhancement Art Sculpture Project

The Vienna Public Arts Commission (VPAC) is announcing an open call for artists (both individual artists and artist teams) with interest and professional experience in creating public art and site-specific commissions. VPAC IS requesting submitting your qualifications for exterior public art features to create an art installation to be located on the grounds of the Town of Vienna Virginia, Community Center.

While there is no specific requirement regarding theme or subject matter, the artworks should have the potential for becoming landmark identifiers for the surrounding community and be suitable for display at a family friendly facility.

One winning project will receive 15,000 for artist fees and fabrication expenses. The commission prefers submissions in clay, metal, or wood, which would enhance the appearance of a brick enclosure.

Painted murals on the brick enclosure will not be accepted.

The application open date is May 1, 2024

Deadline for submissions is June 15, 2024

Jury meeting date is June 17, 2024

Project groundbreaking launch date is July 8

Unveiling reception TBD

Submissions must provide:

- Artist Resume including biography, educational background, and exhibition record.
- Images of installed work projects
- Reference contacts from completed installations
- Rendering of proposed installation
- Certificate of insurance
