Is there any way we can recycle our glass bottles and plastic?

I have heard that there are companies that buy a town's trash to get all the recyclable items out of it. Is there a company in this area that does that type of work?

The Public Works Department replies:

Currently, there are no recycling centers for plastic, but this may change in the future.

The Town knows of no local companies that currently purchase municipal trash to sort out recyclables. Howev-

ID Bracelets for Memory Impaired Patients

If you have a loved one who suffers from Alzheimer's Disease or other form of memory impairment, then you should know about "Wrist Watch," a program to assist police in identifying persons who wander. Wrist Watch provides these individuals with bracelets engraved with essential information to reunite them with their families or caregivers.

Wandering is a common behavior of individuals with memory loss and can happen at any time of day, but especially after dark. Wanderers often look quite "normal," so the red medical symbol on the bracelet alerts private citizens and

police to check for health problems.

Engraved information includes name, birthdate, social secu-
