Cottage Street Reconstruction Approved

The Virginia Department of Transportation (VDOT) has notified the Town that the Cottage Street reconstruction project has been approved by the Commonwealth Transportation Board and will be included in VDOT's urban construction program. Surveying for the project should begin soon, with construction tentatively scheduled for 1995.

The State project will include the reconstruction of Cottage Street from Locust Street to Moore Avenue at its current width of 36 feet. As part of the urban construction program, 98% of the funding for the project will come from the State and 2% from the Town. VDOT estimates the total project cost at \$3,670,000, making the Town's share \$72,000.

The last two blocks of Cottage Street, from Locust Street to the back of the Vienna Shopping Center, will also be reconstructed, either with Town funds or a combination of Town and State funds.

The Town Council requested VDOT to include Cottage Street in its urban construction program following a public hearing last February, when many citizens expressed concern about

the deteriorating condition of the street. Soil tests have shown that the subsoil structure is inadequate, and that the street needs to be undercut and filled. In addition, the street has been overlaid with asphalt so many times that there is virtually no curb left to handle storm water runoff. When completed, the project should extend the life of Cottage Street for another 30 years.

Disabled Citizens Asked to Participate In Review of Government Accessibility

The Americans with Disabilities Act (ADA) mandates the removal of any discriminatory treatment against the 43 million Americans who have physical or mental disabilities. This law will have a profound effect on the operations of the Town of Vienna and other municipal governments across the country.

The ADA requires Vienna to review its facilities, programs and publications to determine if they are readily accessible to all disabled members of our community. If they are not, action plans must be developed to overcome any obstacles. In order to accomplish this, the Town is requesting disabled citizens to make their needs known and to participate in all steps of the review process. Please respond by October 1 to Vienna's ADA Compliance Officer, Nancy Novak, Director of Human Resources, Vienna Town Hall, 127 Center St., S., Vienna, VA 22180, or call 255-6350. TDD users can reach Town Hall through the Virginia Relay

SPECIAL PICKUP DEADLINE

Service, 800-828-1140.

Areas to be reviewed include:

- Development of a policy statement, including accommodation request, complaint and grievance procedures, for adoption by the Town Council. Proposed completion date: November 1, 1992.

- Program accessibility for parks and recreation activities and other Town-sponsored events. Completion date: January 26, 1993.

- Communications, including provision of interpretive services on request, telecommunications adaptations, publications and meeting agendas. Completion date: As soon as possible.

The Town has already amended its hiring policy to comply with the ADA.

Volunteer Opportunities Available

Hospice of Northern Virginia, the region's largest provider of comprehensive care and support for the terminally ill and those who love them, has an urgent need for volunteers in both patient care and bereavement care programs. Hospice trains volunteers to join its team of professionals who will care for more than 1,300 patients this year.

Patient care volunteers are needed to assist with Hospice home care throughout Northern Virginia as well as at the Hospice Center in Arlington. Volunteers with daytime availability are most critically needed. Bereavement volunteers may work in the evening, offering phone or personal visits and assistance with Hospice grief groups.

Training classes for both patient care and bereavement care begin this month. For an application, interview, or more information about Hospice volunteer opportunities, call 538-2032.

Volunteers are needed to work in the Fairfax County General District Court interviewing defendants Monday through Friday from 9:30 a.m. to noon. Volunteers assist judges in determining if an individual qualifies financially for a court-appointed attorney. The court provides training, an interview area, and a questionnaire form for conduct-

ing the interviews.

Candidates should be able to communicate easily with a variety of people; have neat, legible handwriting; and be detail-oriented and able to solicit information from others. Spanish or other foreign language would be helpful but is not required.

For more information, call 246-4025 or 246-3045.

The Northern Virginia Long-Term Care Ombudsman Program is sponsoring a 25-hour training program for prospective volunteers interested in becoming ombudsmen for residents of nursing homes and adult homes. The next training is scheduled for October 8, 9 and 16 from 9:30 a.m. to 4:30 p.m. Applicants are being interviewed this month; call 324-5411 for an appointment. Volunteers must successfully complete the training program and be available to work four hours a week during regular business hours.

The ombudsman program, sponsored by the Area Agencies on Aging of five local jurisdictions, was established to investigate complaints made about long-term care. The goal of the program is to identify and resolve problems or situations that negatively affect the health, safety, welfare and rights of residents.

Mayor Charles Robinson presents his proclamation declaring September 17 through 23 as Constitution Week to Martina Caputy of the Fairfax County Chapter, Daughters of the American Revolution. September 17 marks the 205th anniversary of the drafting of the U.S. Constitution, and during that week all citizens are encouraged to study that document and pay special attention to the advantages of American citizenship.

Council Meeting May Be Changed

The Town Council may reschedule its September 28 meeting because of the Jewish observance of Rosh Hashanah on that date. At that second meeting of the month, Council will hold a public hearing on a proposed "pooper scooper" ordinance. A decision on the meeting date will be made at the September 14 meeting.

Council will hold a public hearing at its October 5 meeting on proposed ordinances to regulate the parking of boats, trailers and recreational vehicles in residential zones.

The Planning Commission will hold a public hearing on September 9 on a proposed ordinance to prohibit canvassers and solicitors from working out of a trailer.

All meetings are held at Town Hall beginning at 8 p.m. Copies of proposed ordinances are available for review in the Town Clerk's Office.

Council Adopts Trash Regulations

The Town Council has adopted several revisions to the trash collection regulations. The new provisions:

1. Set definite times when residents cannot place their refuse at the curb;

2. Give definite directions for the placement of special pickup items at the curb; and

3. Outline the time frame in which residents are to call for a special pickup and the procedure that will be followed in the event a resident does not call within the allotted time.

According to the new regulations, trash must be placed at the curblane by 7 a.m. on pickup day but not earlier than 6 p.m. the preceding evening. All trash cans must be removed from the curblane as soon as possible after trash pickup and by 7 p.m. the same evening as collection.

Items set out for a special pickup must be placed at the edge of the pavement on the front of the property. Discards must not be placed so that they block the sidewalk or street, and must not be placed around trees, poles, signs, fences, or other obstructions.

Residents must call for a special pickup within seven calendar days after placing discards at the curb. Otherwise, they will be notified that they have 48 hours in which to call for a special pickup. If a resident does not call within 48 hours after receiving the notice, the debris will be collected within 10 working days and the resident charged for the appropriate number of special pickups.
