Tax Rate to Remain at 30¢

Final Budget Meeting Set for June 7

Adoption of Vienna's budget for fiscal year 1993-94 is scheduled for the June 7 Town Council meeting, which will begin at 8 p.m. in the Council Chamber at Town Hall. The real estate tax rate will remain unchanged at 30¢ per \$100 of assessed valuation, notwithstanding a decline in the overall assessed valuation of properties on the tax roll. The Town Council has succeeded in reducing expenditures to a level that makes the originally proposed 2¢ tax increase unnecessary. The savings were accomplished primarily by cutting funds reserved for future equipment purchases. The level of services provided to Vienna residents by all Town departments will not be reduced.

Prior to adopting the budget, Council will hold public hearings on the proposed water and sewer rates and the proposed cigarette tax for FY 94. An increase of 13¢ per 1,000 gallons in the water rate and an increase of 1¢ per 1,000 gallons in the sewer rate have been proposed to offset debt service requirements, an increase in the cost of purchasing water, and a new waterworks licensing fee required by the Commonwealth. The total in-town rate would increase from \$4.27 to \$4.41 per 1,000 gallons, or about \$14 per year for the average customer.

An increase in the Town's cigarette tax, from 15¢ to 20¢ per pack, is proposed.

REZONING HEARING JUNE 21

At its June 21 meeting, Council will hold a public hearing on an appli-

cation to rezone 2.8 acres in the 100 block of Nutley Street, S.W., from RS-16, single-family residential, to RTH, townhouses. If approved, the rezoning will be an extension of the Townes of Vienna townhouse development on the west side of Nutley. The Town Planning Commission by a vote of five to four has recommended approval of the application.

For more information about this hearing, call the Planning and Zoning Department at 255-6341.

Having a Yard Sale This Summer?

With the summer months approaching, the bargain season of yard sales is upon us. Your Planning and Zoning Department would like to remind residents of the Town's regulations regarding yard/garage sales:

- Each residence and/or family household may conduct no more than two sales during any calendar year. No permit is required.
- Each sale must be conducted during daylight hours for no more than two consecutive weekends (Saturday and Sunday).
- Two signs of not more than four square feet each are permitted on the property of the residence where the sale is being conducted.
- Two additional signs of not more than two square feet each are permitted, provided that the property where the sale is conducted is not on a major thoroughfare and provided pre-

mission is received from the owners of the property where the signs are to be placed.

RECYCLING DAY JUNE 5

Vienna residents can recycle used motor oil, antifreeze and car batteries at the Town property yard, 247 Nutley St., N.W. Recycling days are held the first Saturday in March, June, September and December from 8 a.m. to 2 p.m. The next recycling day will be June 5. For more information, call the Public Works Department at 255-6381.

• No sign may be exhibited more than two days prior to the start of the sale.

• Signs must be removed each day at the close of yard sale activities or at dark, whichever comes first.

• Signs are not allowed in Town right-of-way (10 feet from the curb or edge of pavement) or on utility poles.

If you have questions about these regulations, please call the Planning and Zoning Department at 255-6341.

Glass Recycling

Here's the right way to prepare glass bottles and jars for recycling: Glass should be rinsed clean and lids and caps removed. Labels and cap rings may be removed also, but this is not required. Other types of glass such as bakeware and window glass are not acceptable because they produce impurities in recycled glass containers.

Place glass of all colors in a transparent plastic bag, together with metal cans and plastic bottles and jugs, for curbside pickup the second collection day each week. Newspapers and yard debris, except for grass clippings, are also picked up on the second collection day. For information on Vienna's curbside recycling program, call the Public Works Department at 255-6381.

Recycling reduces disposal fees and saves tax dollars, and each glass bottle recycled saves enough energy to light a 100-watt bulb for four hours!

Fairfax Fair, now in its 12th year, attracts more than 130,000 people over three days. It is produced by Fairfax Corp., a community organization supported by thousands of volunteers, along with donations of cash and services by businesses and civic groups.

Admission to the fair is \$5 for adults, \$2 for children aged 12 and under, and free for babies in strollers. Parking will be available at Fair Oaks Mall and Fair Lakes Circle for free shuttlebus service to the fairgrounds. For more information, or to volunteer to work at the fair, call 324-FAIR.

- South side of Tapawingo Road from DeSale to Park Streets;
- 200 block of Elm Street, S.W., between Cottage and Plum Streets; and
- 200 block of Pleasant Street, S.W., between Courthouse Road and Maple Avenue.

These locations were identified as needing sidewalks by the Pedestrian Task Force, an ad hoc committee appointed by Council to make recommendations concerning pedestrian safety.

Public Hearing On New Zonings

The Town Council will hold a public hearing at its June 21 meeting on the assignment of permanent zoning classifications to properties brought into the town limits through a boundary adjustment with Fairfax County. The meeting will begin at 8 p.m. in the Council Chamber at Town Hall.

The boundary adjustment, which became official on January 1, increased the size of the town by 72.024 acres and the population by 312 new residents. The incoming properties, including four businesses at the west end of Maple Avenue, were immediately classified into the zoning category that most closely resembled the surrounding areas. However, Council is now required by law to adopt a new zoning map showing all 146 of the new parcels in their permanent zones.

For more information on this hearing, call the Planning and Zoning Department at 255-6341.

More Volunteers Needed

with tell us otherwise." To help the Food Closet, call 938-7213.

Family Emergency Services - Provides payments for rent, utilities, medicines and other necessities. Chairmen Peg Boag and Carrie Carter note that government agencies are providing fewer funds for these services. To learn how you can help, call 281-3243 or 938-9636.

BEAUTY SPOT

From Your Community Beautification Commission

The Beautification Commission and Mayor Charles Robinson, assisted by Brownie Troop 2263 from Louise Archer Elementary School, will celebrate National Trails Day on Saturday, June 5, with a tree-planting ceremony on the W&OD Regional Trail. Citizens wishing to participate should meet shortly before 9 a.m. at the old Vienna railroad station. Six crab apple and two dogwood trees, donated by Bennett's Nursery, and forsythia seedlings will be planted.

Businesses along the trail, which are responsible for maintaining the split rail fence, have been requested to repair and replace fence sections as their contribution to National Trails Day.

This month's "Beauty Spot" awards go to Pat and Paul Lengi and Sandy and Doug Smith of Victoria Court, N.W., who have planted and maintained the retaining wall on Lawyers Road between Upham Place and Blair Road.

An award also goes to Bennett's Nursery, Inc., on Beulah Road for generously donating the six crabapple and two dogwood trees to be planted along the W&OD Regional Trail.

Beauty tip: There's a lot of concern about piles of debris and brush lining our streets that sit for weeks, growing larger all the time. It's unsightly and unsanitary. Please be a good neighbor and call promptly for a special trash pickup. If you have been looking at one of these eyesores for over a week, please report it so that a special pickup can be made. The special pickup number is 255-5727.

Arbor Day at Vienna Elementary

Vienna Elementary School principal Bob Pantall and a group of students planted a flowering plum tree in front of the school to celebrate Arbor Day, April 22. The program also included songs, readings and poems by second graders and an Arbor Day proclamation presented by Vienna Mayor pro tempore Frank Lillis. Town horticulturist Mark Allen advised the children on how to care for their new tree.

Beware of Summer Assaults by Nature

Your Fairfax County Fire and Rescue Department reminds you that while working or playing outdoors this summer, you are vulnerable to poisonous assaults by nature, including poison ivy, bee stings, spider bites, snake bites, and jellyfish stings.

Most of the time, the after-effects of these assaults are minor. Allergic or anaphylactic reactions, however, are major medical emergencies. Several hundred deaths result from these reactions each year in the U.S.; many of the victims had no reason to suspect they were allergic.

Anaphylaxis may begin immediately after exposure to the poison or as long as an hour later. Signs and symptoms are grouped into four categories: skin, respiratory system, circulatory system, and other body symptoms.

Skin: Flushing, itching or burning sensation of the face and upper chest. May spread over a larger part of the

body and be accompanied by swelling, especially of the face, tongue and throat.

Respiratory: Tightness or pain in the chest with an irritating, persistent cough. Wheezing and breathing difficulty may develop.

Circulatory: Shock-like signs with a perceptible drop in blood pressure, weak pulse, pale skin, dizziness or faintness. May progress to unconsciousness and cardiac arrest.

Other symptoms: Headache, weakness, abdominal cramps, nausea, vomiting and diarrhea.

If the victim of an assault by nature begins to show any of the above signs, or is known to be hypersensitive, immediately summon medical assistance by phoning 911. While help is on the way, the patient should be calmed and placed in a semi-reclining position. Ice packs over a bite will help slow absorption of the poison.
